POWER MEETS  
**PERFORMANCE**

EVERY MILE

## **ABOUT US**

Founded in 2022 by Urvish Shah and Bindi Shah, BU4 Auto Pvt. Ltd. is a visionary Indian electric two-wheeler manufacturer on a mission to revolutionize the transportation landscape. Headquartered on SG Highway in Ahmedabad, with a state-of-the-art manufacturing facility in Changodar, Ahmedabad, BU4 is leading the charge in India's electric vehicle (EV) revolution.

## **VISION**

To create a cleaner, greener future by providing innovative and eco-friendly electric mobility solutions. We aim to inspire change in the way we move, while ensuring sustainability remains at the core of everything we do.

## **MISSION**

We believe in transforming the way people think about mobility, combining cutting-edge technology with environmental responsibility. Our mission is not just about providing affordable, high performance electric two wheelers but also creating long term impact by reducing carbon footprints and promoting sustainable practices in India and beyond

# SPECIFICATIONS

## Moter Type

Hub Moter (BLDC)

## Moter Power

60V 250W

## Controller

Smart Intergrated Vector Controller

## Range

Upto 110\* Kilometers

## Max Speed

Upto 25 Km/h

## Wheels

Alloy Wheel (Only in Front)

## Tyre Size

90/100-10" (Tubeless)

## Suspension

Front Telescopic Shock Absorber

Rear Coil Spring with Shock Absorber

## Battery Type

Lithium-ion (NMC)

## Battery Capacity

60V 34Ah/60V 30Ah

## Charger

Portable type

## Charging time

5 to 6 hours

## Climb angle

Upto 25 Degree

## Brake

Front Disc & Rear Drum

## Speedo Meter

Digital Odometer

## Special Features

1-2-3 Driving Modes Indicator

Cruise Control Indicator

- Keys with Anti Theft Alarm

- Cruise Control

- USB Charging Socket

- LED Lights with DRL's

Length 1690mm

Width 685mm

Height 1080mm

Ground Clearance 190mm

Seat Height 750mm

7-8 Lt\*

## Dimensions

## Bootspace

Max Speed  
25\*Km/h

Range  
110\* Kilometers

Parking  
Mode

Reverse  
Mode

# BENEFITS & USE CASES

## WHY CHOOSE THIS PRODUCT?

- Environmental benefits (Zero emissions).
- Economic benefits (Cost savings over fuel vehicles).
- Performance benefits (Smooth rides, Quiet operation).

## IDEAL FOR...

- Daily commutes
- Urban travel
- Environment-conscious riders.

## PRODUCT COLOUR OPTIONS

**ELECTRIC**  
SCOOTERS & BIKES

## SHINE PRICE

Lithium Ion 60V/34 Ah Or 60V/30 Ah : INR 76,000/-\* Onwards (Ex-Showroom)

Lead Acid 60V/ 32 Ah : INR 57,000/-\* Onwards (Ex-Showroom)
